

WHY WE WANT WARREN

ULTRA MILLIONAIRE TAX

“For decades, a small group of families has raked in a massive amount of the wealth American workers have produced, while America’s middle class has been hollowed out. The result is an extreme concentration of wealth not seen in any other leading economy. It’s time to fundamentally transform our tax code so that we will help address runaway wealth concentration and at the same time accelerate badly needed investments in rebuilding our middle class.”

CORPORATE INFLUENCE AT THE PENTAGON

“The revolving door between defense lobbyists, Congress, and the Pentagon tilts countless decisions away from legitimate national security interests and toward the desires of giant defense contractors. It’s past time to cut our bloated defense budget ... we need to reduce corporate influence. Americans deserve to know that our military is making decisions with only one thing in mind: their safety.”

CORPORATE ACCOUNTABILITY

“Our justice system should ensure that if you cheat working Americans, you’ll go to jail. It’s time to reform our laws to make sure that corporate executives are held accountable for overseeing massive scams.”

TAXING CORPORATE PROFITS

AMAZON reported 10 billion in profits and paid zero federal corporate income taxes.

OCCIDENTAL PETROLEUM reported 4.1 billion in profits and paid zero federal corporate income taxes.

“In fact, year after year, some of the biggest corporations in the country make huge profits but pay zero federal income taxes on those profits.”

WARREN HAS A PLAN FOR THAT ...
